PRODUCT #: SGG-IG16.SG5.SB70-T4.SP5-ARG

DESCRIPTION:

An attack resistant School Guard Glass SG5 insulated glass unit for security and thermal performance. SG5 is a laminated glass composite product composed with outer layers of glass with a custom security strengthened substrate core. It is specifically designed to slow down intruders but is not bullet resistant to certain ballistic threats. SG5 remains in the frame blocking the intruder from entry.
